MEASURE C RENEWAL DRAFT EXPENDITURE PLAN

Public Comment Listing

May 27, 2022 - July 17, 2022

Below is a listing of public comments received regarding the Draft Measure C Renewal Expenditure Plan and Implementing Guidelines since the Plan document was posted on the FCTA website for public review on May 27, 2022.

Item #	Date	Commentor	Comment
1	06/21/22	Tasia L. - Clovis Resident (via voice mail)	Cities of Fresno and Clovis need to make Herndon and Clovis Avenues business highways like 41 she said. She included her number and stated if we had any follow up questions to call.
2	06/21/22	Matthew Schellenberg - Fresno native, resident, and voter	We need to be replacing traffic lights with traffic circles. Traffic circles area great way to cut down on idling, it facilitates smooth traffic flow, it doesn't require electricity, and it prevents fatal accidents. I understand that there are some intersections for which you prefer traffic lights, but there are so many times I'm at a lonely intersection and thinking, "if this were a traffic circle, I wouldn't have to waste a minute of my life waiting here, like a fool." Pick out some intersections that you think would work well with traffic circles and do a trial run. If successful, pick out all the intersections that could be transformed and slowly convert them over time. Thank you!
3	06/18/22	Brian - Fresno County resident	I strongly support the plan for Measure C renewal to be on the 2022 ballot. I also want more of the dollars to be invested in road construction, maintenance, and repair. Please proceed with the 2022 plan. Thank you.

4	06/17/22	Paul T	Please spend more of measure C on highways 41, 168, and 180. Provide more lanes. Traffic jams are very inconvenient, waste gasoline and pollute our air. Thank you.
5	6/22/22	Steve Jordan	Mr. Jordan stated that he did not support the Measure C Renewal. He added that if the Measure was focused just on roads he would support it, but he does not support all the other programs.
